PESCATORI DI PORTE

2° Edition / Year 2020

The TAMBÚCA Cultural Association renews *Pescatori di Porte* project and launches the second edition for the year 2020: an international painting competition for the decoration of the fishermen's doors behind the new Viareggio Fish Market.

A permanent open-air exhibition, a gift to the sea and its caretakers.

THEME OF THE COMPETITION

"The sky over fishermen"

Art. 1 – AIM OF THE PROJECT

The TAMBÚCA Cultural Association announces the second edition of the international competition for artists, with the aim of redeveloping an area of the port of Viareggio adjacent to the new fish market, to promote and enhance contemporary art. The area in question is that of the sheet metal warehouses of the Cittadella dei Pescatori which land at the port, specifically the overhead doors of the corrugated sheet warehouses.

For the year 2020 the decorations of 10 doors will be created.

The competition includes the selection of **10 finalists** (including **3 winners**), who will have the opportunity to realize their artwork on the doors of the fishermen's warehouses, and **10 special mentions** that will take part, together with the finalists, in the collective exhibition in a historic villa in Viareggio.

Art. 2 – ADMISSION CRITERIA

The competition is open to all artists, of all nationalities, starting from 16 years of age (the participation of underage artists is subject to the authorization of those who exercise their fatherland).

In particular, the competition is dedicated to:

- Artistic high schools and national and international Fine Arts Academies.
- Independent artists of any nationality and level.

Fundamental selection criteria will be quality, research, originality and contemporaneity, creativity of the work and consistency with the proposed theme. There will be no limitations of technique or style, as long as it is a painting as faithful as possible to the result of the realization on the sheet metal door. By pictorial work we mean any use or manual intervention in oil, tempera, acrylic, industrial paint, ink, engraving, graphite, watercolor, vinyl, on any type of substrate, even pre-printed, provided that it is kept in mind that the work must be reproduced faithfully with an enamel brush on a corrugated metal support (on the website the photographic material of the supports to be decorated). **The size of each work must be 50 x 60 cm in horizontal orientation**; if the original work is chosen from among the finalist works for participation in the group exhibition, it must be equipped with a frame and hangers, under **penalty of exclusion from the competition**.
